

Lightweight Bariatric Homecare Bed

HCPCS: 15300LW: E0301 | 15302LW and 15303LW: E0302

- Lightweight frame design offers providers easier and more manageable bed deliveries and assemblies
- Allows for additional space for patient comfort and recovery as well as caregiver efficiency
- Product Safety & Performance Standards: Meets IEC 60601-2-52; 60601-1; 60601-1-2; 60601-1-11
- Safe working load capacity of 600 lbs
- Full electric bariatric homecare bed with dual motor assembly for head and frame adjustability
- Ultra lightweight frame is easily set up by 1 individual; no links to connect and no tools required
- Square tube steel frame slat deck provides durable strength, no-sag mattress support, and is easy to clean
- Scratch resistant wood grain panel bed ends include hi lo motors for frame height adjustability
- UL approved motor is self contained for reduced weight and noise and can be easily installed and removed with patient in bed
- Reduce service calls with large glow in the dark hand pendant that is easy-to-use for adjustments; LED indicators available for power and lockout included
- Battery Back up accessory available (#15302LWB) and sold separately
- Half Rails accessory available (15021BV-LW) and sold separately
- Rail accessories meet FDA and ASTM entrapment guidelines and standards
